

M. Atif Sarfraz

Full Stack Web Developer (MERN)

03036491973 | m.atifsarfraz572@gmail.com | Ishrat Town Lahore, Lahore, Pakistan

CAREER PROFILE

Dynamic and results-driven Full Stack Web Developer with 4+ years of experience in the MERN (MongoDB, Express.js, React.js, Node.js) stack. Demonstrated ability to architect, develop, and deploy robust web applications that meet client requirements and exceed expectations. Proficient in both front-end and back-end development, with a track record of delivering scalable, responsive, and user-friendly solutions. Proven capability in leading development teams, collaborating with stakeholders, and driving projects from conception to successful implementation. Committed to continuous learning and staying abreast of emerging technologies to ensure the highest level of innovation and efficiency in development projects. Strong problem-solving skills combined with effective communication abilities, enabling collaboration across teams to achieve project objectives.

- Database: MongoDB, MySQL, PostgreSQL
- Tools & Technologies: Git, Webpack, Babel, NPM, Yarn, Jest, Enzyme, Docker
- Development Methodologies: Agile, Scrum
- Deployment & Hosting: Heroku, AWS, Firebase, Netlify
- Additional Skills: Responsive Web Design, Cross-browser Compatibility, Performance Optimization, Security Best Practices

PROFESSIONAL EXPERIENCE

Full Stack Developer | Zone Delivery Services (Remote) | Dubai

06/2022 - Present

- Created advanced financial dashboards (RMP & MSP) for precise tracking of daily and monthly profit, loss, and expenses, enhancing financial visibility and reporting accuracy.
- Integrated an event scheduling system into the calendar functionality to streamline scheduling and management of delivery operations.
- Built reusable components to optimize development processes, improving efficiency and code maintainability.
- Generated financial reports for rider maintenance, providing actionable insights into operational costs and performance metrics.
- Worked closely with cross-functional teams to gather requirements, design solutions, and implement features aligned with business goals.
- Developed user-friendly interfaces with intuitive navigation, improving user experience and operational efficiency.

Full Stack Developer | Starz play | Lahore

03/2022 – 06/2023

- Designed Redux Form scripts to update the Redux store using Redux Thunk and immutable data structures.
- Built scalable front-end frameworks with React.js, using both class and functional components for dynamic UI.
- Enhanced application data quality, operability, and flexibility.
- Developed server-side applications with Node.js, Express.js, and MongoDB; utilized Bitbucket and JavaScript for version control and coding.
- Led end-to-end development of high-impact web applications, adhering to best practices and timelines.
- Led the development of several high-impact web applications from concept to deployment, ensuring adherence to best practices and meeting strict deadlines.
- Leveraged React.js and Redux to create interactive, user-friendly interfaces.

Full Stack Developer | Midway Solution (Remote) | Lahore

02/2021-02/2022

- Designed and modeled relational database tables and their relationships to support efficient data management.
- Developed web applications using the Laravel MVC framework, ensuring clean code structure and efficient data flow.
- Worked with RESTful APIs, enabling seamless communication between client and server.
- Applied OOP principles and design patterns to build modular, maintainable code.
- Utilized JavaScript, jQuery, CSS, and Bootstrap to create responsive and user-friendly interfaces.
- Strong communicator with attention to detail and process, ensuring project consistency and timely delivery.

EDUCATION

Government College University Faisalabad, Faisalabad | Bachelor of Science: Computer Science

08/2017 - 06/2021

CERTIFICATES

Udemy (React with Redux)

06/2022 - 09/2022

Dive into real-world applications of React and Redux through numerous practical examples, allowing you to grasp the concepts in a meaningful context.
